Office work

- Reviewed CCO 123, 128, 133, 134m, 137, 138, 139, and 140 and did preparatory work to get these CCOs finalized.
- Sent an email to Dave McCracken to find out whether the power point presentation we are using on 2/12/2010 needs to be sent to the DRB and the contractor along with the position paper on 1/29/2010 , or it can presented on the day of the DRB. The response was negative and we will try to finish the power point presentation ready by 1/29/2010.
- Sent and received several email messages to and from Andy Alvarado , HQ claims in preparation for our position paper for NOPC#10.
- Received an email from Jim Gallego that he wont be coming to Oakland for the next three weeks .
- Received an email from Jaime stating that the Qwick Kurb Channelizer System as shown on the sheet 86R2 and 89 were not installed as per the plans. I sent an email to Mahbub and asked to investigate and make corrections.
- Received Position Paper for Sales Tax Dispute for 04-0120L4, NOPC #10, from Andy Alvarado. Jeff to review and verify accuracy.
- Received an email from Nena Vuong, District 7 legal, stating that: As stated during our phone conversation, I have scheduled a site visit at the subject accident location on February 2, 2010 at 1:00 p.m. Along with our experts, I would like to know if you would be available to be present also. Trial is scheduled on June 29, 2010 and I anticipate that you may be called as a witness in this case since you were the resident engineer for the pavement project in 2000. Please let me know if you can make it. Thanks. I talked to Amer Bata and he authorized my trip to the site.
